**DEPARTURE OF THE UNITED KINGDOM FROM THE EU WITH A
WITHDRAWAL AGREEMENT
INTRASTAT DECLARATIONS**

As from the 1/2/2020 the United Kingdom is no longer a member of the European Union. The withdrawal agreement concluded between the UK and the EU provides for a transitional period from 1/2/2020 until 31/12/2020, during which all transactions with the UK will continue to be treated as if the UK is a member of the EU.

In light of the above, the INTRASTAT declarations must include arrivals and dispatches of goods from/to the UK, which will take place during the months February-December 2020.

Arrivals and dispatches of goods from/to the UK that will take place after the end of the transitional period (as from 1/1/2021) will not be declared via INTRASTAT declarations.
