

National Authority	Period	Measures	Traders concerned	Date of publication
NA-AT	Until further notice! We encountered serious issues on day one due to a problem with UUM&DS.(SD1106390)	We allowed all operators to continue the paper based procedure until PoUS is fully functional.	All traders	01.03.2024.
NA-HU	Until further notice! We encountered serious issues on day one due to a problem with UUM&DS.(SD1106390)	We allowed all operators to continue the paper based procedure until PoUS is fully functional.	All traders	01.03.2024.
NA-RO	1 Month	Allowing paper T2L or Form from Annex 51-01 of IA 2447 Regulation	We have 1 Authorized Issuer which has authorisation, Economic Operators which export goods like Auto DACIA, IKEA, Representatives for economic operators	01.03.2024.
NA-EE	Until to 06.03. NA-EE traders use national BCP (paper based). Start from 07.03 NA-EE all traders use the PoUS-STP system. The latest known problems in the PoUS-STP system appear to have been eliminated since 13.03. and the system looks pretty stable.	We allowed traders to use (until 06.03.2024) the paper based procedure.	All traders	04.03.2024.
NA-PT	PT estimates that all issues will be solved within 3 to 4 weeks, let's say by the end of March. But, PT only will use PoUS when all the problems reported by others MS are solved. UPDATE 17. April - Although PT initially expected that the problems faced by economic operators would be resolved by the end of March, this did not happen. Therefore, PT now updates the information published on PICS / PoUS and informs that it hopes to have all economic operators using PoUS by the end of April.	We allowed all operators to continue the paper based procedure until PoUS is fully functional.	It concerns all type of traders.	04.03.2024. Update 17.04.2024.
NA-CZ	Until S2S solution is implemented in the PoUS system	We allowed some authorised issuers to continue the current paper based procedure (paper T2L/F, invoice declaration, Form from Annex 51-01 of IA) until the PoUS system is updated.	Some authorised Issuers	05.03.2024.
NA-DE	It depends on how long it will take to get PoUS to be fully functional and to get an S2S working which is essential for some traders. XML in combination with CSV is not working sufficiently efficient for traders.	We allow to continue the paper based procedure.	Currently, all kind of traders are concerned.	06.03.2024.
NA-GR	For the time being, it cannot be estimated.	We allow paper T2L and customs goods manifest. As far as invoices and transport documents are concerned we have informed traders that only documents under 15000 euros certified by them can be used.	All traders	06.03.2024.
NA-NL	The Netherlands allows authorised issuers with high volumes to continue the current working method until a system-to-system solution for traders is realised. We will encourage traders to use PoUS as soon as possible.	The Netherlands will temporarily allow the use of paper T2L(F) status certificates.	Authorised issuers with high volumes	07.03.2024.
NA-PL	Until 15/09/2024, when all PL traders will use S2S connection with the new national system (AES/PoUS).	Until 15/09/2024 we allow to continue the use of the old national system (AES/STATUS) for T2L/T2LF document authenticated by electronic means, as described in point II.7.1 of the Transit Manual. The old system has no connection with PoUS, including Central Repository.	All kind of traders are concerned.	07.03.2024.
NA-IE	All traders are ready however they could not use the STP on the 1 March and the following days due to the confirmed system issues on the EU side.	We are currently allowing all traders to continue with the paper system until all issues are confirmed to be resolved on the EU side.	All traders	08.03.2024.
NA-FR	Our traders use PoUS since 15th of March	Due to problems in issuing documents of proof for some traders, we have exceptionally authorised paper based T2L in case of emergency.		12.04.2024.

NA-CY	Traders use PoUS since 4th of March (immediate use after initial issues have been resolved by ITSM)	Due to problems in issuing documents of proof in some Member States/Customs Offices, we have exceptionally allowed for the T2Ls issued from those Member States/Customs Offices not to be presented electronically. The paper based procedure in general, is allowed only on System unavailability.	All traders	17.04.2024.
NA-BE	The time needed to get an API	For the time being, acknowledging that our national application will phase out and traders should prepare, the biggest EOs working S2S are allowed to continue to use our national application. As PoUS encountered a lot of bugs, we tolerate that small EOs also use our national application.	Authorized Issuers with high volume. The other EOs will be slowly encouraged to use PoUS.	19.03.2024.
NA-HR	We had problems with issuing document for the first 2 weeks of productions. Since then the situation stabilized but we are still getting error reports from traders. Most of them are solved with the workarounds provided by ITSM. Remaining few traders are still using paper based procedure until their issues are resolved.	We allowed all operators to continue the paper based procedure until PoUS is fully functional and all traders	It concerns all type of traders.	22.04.2024.
