ΚΕΝΗ ΘΕΣΗ ΣΕ ΔΙΕΘΝΗ ΟΡΓΑΝΙΣΜΟ

Το Υπουργείο Εργασίας, Πρόνοιας και Κοινωνικών Ασφαλίσεων γνωστοποιεί ανακοίνωση του «Food and Agriculture Organization of the United Nations» αναφορικά με την πλήρωση της πιο κάτω θέσης εργασίας:

Food and Agriculture Organization of the United Nations

PROFESSIONAL VACANCY ANNOUNCEMENT N<sup>o</sup>: IRC2715

Issued on: **22 December 2014**

Deadline For Application: **12 January 2015**

POSITION TITLE:	<b>Nutrition Officer</b>	GRADE LEVEL:	<b>P-4</b>
ORGANIZATIONAL UNIT:	<b>Multidisciplinary Team (SFEMD) Subregional Office for Eastern Africa (SFE)</b>	DUTY STATION:	<b>Addis Ababa, Ethiopia</b>
		DURATION *:	<b>Fixed-term: 2 years</b>
		POST NUMBER:	<b>2005084</b>
		CCOG CODE:	<b>1102</b>

Qualified female applicants and qualified nationals of non-and under-represented member countries are encouraged to apply.  
Persons with disabilities are equally encouraged to apply.  
All applications will be treated with the strictest confidence.

The incumbent may be re-assigned to different activities and/or duty stations depending on the evolving needs of the Organization.

**Organizational Setting**

FAO's Subregional Office for Eastern Africa (SFE) is responsible for developing, promoting, overseeing and implementing agreed strategies for addressing subregional food, agriculture and rural development priorities. It develops and maintains relations with subregion-wide institutions including Regional Economic Integration Organizations (REIOs). It assists the FAO Representations (FAORs) in the subregion with addressing subregional food security, agriculture and rural development issues at country level. The Subregional Office is a subsidiary of FAO's Regional Office for Africa (RAF).

**Reporting Lines**

The Nutrition Officer reports to the Subregional Coordinator and works under the functional guidance of the Director, Nutrition Division (ESN) and in close collaboration with the RAF Senior Nutrition Officer.

**Technical Focus**

Contribute to the implementation of FAO's Nutrition Strategy, in particular to the development of normative tools and guidelines in line with FAO's strategic objectives, supporting capacity development activities, contributing to strategic planning and support to country programme development, as well as providing direct support to country-led policy making and programme implementation. This work will be undertaken in close collaboration with government counterparts, African Union Commission, New Partnership for Africa's Development (NEPAD) Regional Economic Communities (RECs), UN Agencies and other development partners from public, research, civil society and private sectors.

**Key Results**

Comprehensive technical, statistical, analytical and/or policy analysis services and the development of specialized tools, methodologies, systems and/or databases to support the planning, implementation/delivery and monitoring of the programme of work and related products, projects, publications, and services.

**Key Functions**

- Plans and leads components of multi-disciplinary teams and short term work groups, leads and/or participates in internal committees, project teams, and working groups and provides specialized expertise to international technical networks and technical policy and standard setting bodies.
- Develops technical, statistical, analytical, monitoring and reporting frameworks, and related tools, methodologies, systems and databases etc. to support the planning, implementation/delivery and monitoring of FAO's programmes of work, products, projects, and services.
- Designs and conducts research, data collection, validation, analysis and/or reporting activities to support the development of technical standards, international instruments, innovative tools and methodologies, flagship publications/technical reports and/or policy proposals as well as the provision of technical specialist and/or policy advice and expertise.
- Responds to requests and provides technical/policy advice, assistance and solutions to Regional, Sub-Regional, and Country Offices and provides technical backstopping to field projects.
- Promotes international cooperation and collaboration, advocates best practices and increased policy dialogue and provides technical expertise at international meetings and conferences.
- Supports capacity development and knowledge sharing activities within member countries, through policy support, organizational development and individual learning and by the development of learning materials and related on-line tools.
- Participates in resource mobilization activities in accordance with the Organization's overall approaches to resource mobilisation at global, regional, subregional and country levels.

**Specific Functions**

Supports the overall implementation of FAO's Nutrition Strategy, in particular:

- Provides technical advice to governments, regional organizations (e.g. AU, NEPAD, IGAD) and development partners on nutrition, especially on nutrition-enhancing food and agricultural policies, strategies and programmes; including the support to the Africa Day for Food and Nutrition Security.
- Advocates the mainstreaming of nutrition in FAO's Regional initiatives and Country Programming Frameworks, as well as relevant regional and national programmes;
- Liaises with international organizations, relevant national bodies and networks, such as the Africa Task Force for Food & Nutrition Development, SUN and REACH), public and private sectors the donor community and NGOs in promoting

- nutrition-sensitive strategies and food-based approaches in national nutrition programmes;
- Promotes visibility of FAO's nutrition work by participating and acting as a resource person in regional and national meetings and workshops;
- Performs an active role in FAO's nutrition network, in particular, through bringing in relevant sub-regional and country perspectives.
- Promotes and facilitates collaboration and partnerships in nutrition programmes with AU, RECs and other development partners

## CANDIDATES WILL BE ASSESSED AGAINST THE FOLLOWING

### Minimum Requirements

- Advanced university degree in nutrition, Food Security, Agriculture for Development or related field
- Seven years of relevant experience working with developing countries in integrating nutrition objectives into food and agricultural policies and programmes, with at least 4 years working in the region in a multi-sector environment
- Working knowledge of English, French or Spanish and limited knowledge of one of the other two or Arabic, Chinese, Russian

### Competencies

- Results Focus
- Teamwork
- Communication
- Building Effective Relationships
- Knowledge Sharing and Continuous Improvement

### Technical/Functional Skills

- Work experience in more than one location or area of work, particularly in field positions is desirable
- Extent and relevance of academic qualifications
- Extent and relevance of experience in integrating nutrition into agricultural, social protection and resilience policies and programmes in developing countries in general with specific emphasis in Africa
- Demonstrated experience and knowledge in producing capacity development modules and/or information products for the promotion and mainstreaming nutrition in food and agricultural policies and programmes at regional and country levels
- Demonstrated ability to mobilize resources for nutrition related activities
- Familiarity with FAO and FAO partner institutions, particularly African Union Commission and NEPAD, would be an asset.

Please note that all candidates should adhere to *FAO Values of Commitment to FAO, Respect for All and Integrity and Transparency*.

## ADDITIONAL INFORMATION

- All candidates should possess computer/word processing skills.
- Evaluation of qualified candidates may include an assessment exercise which will be followed by a competency-based interview.
- Your application will be screened based on the information provided in your iRecruitment online profile (see "How to Apply"). We strongly recommend that you ensure that the information is accurate and complete including employment record, academic qualifications and language skills.
- Please note that FAO will only consider academic credentials or degrees obtained from an educational institution recognised in the IAU/UNESCO list.
- Other similar positions at the same level may be filled from this vacancy notice and the endorsed candidates will be considered for the Employment Roster for a period of 2 years.
- Candidates may be requested to provide performance assessments.

## REMUNERATION

A competitive compensation and benefits package is offered. For information on UN salaries, allowances and benefits, click on the following link: <http://icsc.un.org/rootindex.asp>

Το Υπουργείο Εργασίας, Πρόνοιας και Κοινωνικών Ασφαλίσεων γνωστοποιεί ανακοίνωση του «Food and Agriculture Organization of the United Nations» αναφορικά με την πλήρωση της πιο κάτω θέσης εργασίας:

Food and Agriculture Organization of the United Nations

PROFESSIONAL VACANCY ANNOUNCEMENT N<sup>o</sup>: IRC2728

Issued on: 23 December 2014

Deadline For Application: 20 January 2015

POSITION TITLE:	<b>Senior Land and Water Officer (Land Management)</b>	GRADE LEVEL:	<b>P-5</b>
ORGANIZATIONAL UNIT:	<b>Land and Water Division, NRL</b>	DUTY STATION:	<b>Rome, Italy</b>
		DURATION *:	<b>Fixed-term: 2 years</b>
		POST NUMBER:	<b>0056243</b>
		CCOG CODE:	<b>1R</b>

Qualified female applicants and qualified nationals of non-and under-represented member countries are encouraged to apply.  
Persons with disabilities are equally encouraged to apply.  
All applications will be treated with the strictest confidence.

The incumbent may be re-assigned to different activities and/or duty stations depending on the evolving needs of the Organization.

#### Organizational Setting

The Land and Water Division aims at enhancing the agricultural productivity and advancing the sustainable use of land and water resources through their improved tenure, management, development and conservation. It addresses the challenges member countries face in ensuring productive and efficient use of land and water resources in order to meet present and future demands for agricultural products, while ensuring the long-term sustainability of the land and water quantity and quality. It promotes equitable access to these natural resources with a view to enhancing productivity, livelihoods and ecosystem services. It provides assistance to member nations in developing policies, programmes, best practices and tools in the fields of irrigation and drainage, soil conservation, drought mitigation, water rights, access to natural resources, and improvement of land markets.

The post is located in the FAO Headquarters in Rome.

#### Reporting Lines

The Senior Land and Water Officer (Land Management) reports to the Director, Land and Water Division.

#### Key Results

Leadership and technical policy expertise for the planning, development and implementation of Departmental / Division Programmes of work, projects, products, services in accordance with (Departmental &) FAO Strategic Objectives.

#### Key Functions

- Plans, manages, or leads highly specialized or multi-disciplinary teams, leads, coordinates, and/or participates on Organization-wide, cross-Departmental committees, project teams, and working groups, and/or provides technical leadership/secretariat services on technical networks and/or international technical policy and standard setting bodies;
- Analyzes global and country specific requirements and relevant technical issues to provide critical input into the FAO Strategic Objectives, Programme of Work, work plans and the supporting budgets and/or resourcing strategies;
- Implements and monitors programmes of work involving the development of the approach, evidence based strategies, and related tools, methodologies and the supporting system/database, monitoring and reporting frameworks
- Conducts, designs and oversees research and analysis activities to support the development of technical standards, international instruments, innovation, technical reports, publications and/or on-going programme development as well as the provision of technical and/or policy advisory services;
- Provides technical and policy advice to Member countries and technical support to decentralized offices in the development and implementation of their programmes;
- Leads and/or collaborates in, provides technical backstopping to and ensures the quality / effectiveness of capacity development and knowledge sharing activities within member countries such as policy support, organizational development and individual learning events including preparation of related information, learning, on-line tools;
- Represents the Organization at international meetings and conferences, identifies and implements strategic partnerships, advocates best practices and increased policy dialogue and develops and negotiates effective working relationships/consensus and agreements with international and national stakeholders;
- Leads and/or participates in resource mobilization activities in accordance with the FAO Corporate strategy.

#### Specific Functions (optional)

- The senior officer should lead and coordinate NRL work on land and terrestrial ecosystems across FAO including relevant Major Areas of Work and Regional Initiatives in particular;
- Act as FAO focal person on desertification, land degradation and drought (DLDD) and United Nations Convention to Combat Desertification, UNCCD cooperation, including coordination across FAO and with other UN agencies;
