Please note that to make an EDA on - line application you will need to create your EDA profile using a valid e - mail address and a password.

1. BACKGROUND

The European Defence Agency (EDA) was established on 12 July 2004, and is governed by Council Decision (CFSP) 2015/1835 defining the statute, seat and operational rules of the European Defence Agency. The Agency has its headquarters in Brussels.

The main task of EDA is to support the Council and the Member States in their effort to improve the Union's defence capabilities in the field of crisis management and to sustain the Common Security and Defence Policy (CSDP) as it currently stands and as it develops in the future.

The Agency is structured into four directorates. The Corporate Services Directorate (CSD) and three operational directorates: Industry, Synergies and Enablers (ISE); Capability, Armament & Planning (CAP); Research, Technology and Innovation (RTI).

2. THE AGENCY'S WAY OF WORKING

The Agency is an "outward-facing" organisation, constantly interacting with its shareholders, the participating Member States, as well as with a wide range of stakeholders. It works in an integrated way, with multi-disciplinary teams representing all of the Agency's functional areas, to realise its objectives. Its business processes are flexible and oriented towards achieving results. Staff at all levels need to demonstrate the corresponding qualities of commitment, flexibility, innovation, and team-working; to work effectively with shareholders and stakeholder groups, formal and informal; and to operate without the need for detailed direction.

3. THE INDUSTRY, SYNERGIES AND ENABLERS DIRECTORATE (ISE)

The Industry Synergies & Enablers (ISE) Directorate supports a range of activities critical to collaborative defence capability development in Europe.

On top of leading the work on identifying together with Member States' Key Strategic Activities (KSA) at EU level, the ISE Directorate is responsible for the effective engagement with industry across the Agency's activities and in support of related priorities set by Member States.

The ISE Directorate facilitates work to address the implications of EU legislation and policies for the defence sector: REACH, procurement, funding instruments and the analysis of developments influencing governmental and industrial stakeholders. The Directorate is responsible for activities on critical enablers to support defence cooperation and enhance interoperability: military airworthiness, standardisation and certification, defence test & evaluation and education and training. The Directorate provides support to CSDP military and civilian operations and missions and EU Battlegroups.

The Directorate facilitates the coordination of military views from and in support of Member States and the relevant international military organisations in the framework of Single European Sky (SES) and acts as the interface with the EU institutions and related bodies. In the wider context of military aviation, the Directorate supports Member States in their efforts to enable RPAS integration in non-segregated airspace and in harmonising military aviation safety issues using the Total System Approach to Military Aviation.

The ISE Directorate comprises four Units:

- The Industry Strategy & EU Policies (ISP) Unit: engagement of industry in the activities of the Agency, determination of Key Strategic Activities at EU level, defence aspects of EU policies varying from legislation (REACH, procurement) to funding instruments
- The Critical Enablers (CRE) Unit: support defence cooperation and enhance interoperability through the identification, development and maintenance of harmonized safety, certification and standardisation requirements, references to the best practice standards and networking of Defence Test & Evaluation capabilities in all military domains
- The Single European Sky (SES) Unit: facilitation and coordination of military views in the framework of SES; interface with the EU institutions and related bodies to ensure that Military Aviation will continue to provide and further improve effective security and defence in Europe in the changing context of the civil aviation sector
- The Operations, Training & Exercises (OTE) Unit: promotion of the use in CSDP operations of all relevant EDA projects & programmes; development and management of contracted solutions to support CSDP operations and Member States; initiation, development and management of training and exercise activities for rotary and fixed-wing aircraft, including RPAS, with a view to transfer these activities to Member States when mature.

4. DUTIES

The jobholder is accountable to the Industry, Synergies & Enablers (ISE) Director and has duties as Head of the Critical Enablers Unit. Under the supervision of the ISE Director, the jobholder will be responsible for:

- the development of an integrated approach to critical enablers for cooperation:
 - developing harmonised certification requirements and coordinated approaches towards their implementation in the land, air, sea and cross domains (such as cyber), with an initial focus on ammunition and aviation safety, building on the achievements in the field of (military) airworthiness;
 - deriving standardisation needs and opportunities from the Capability Development Plan, PESCO, other EDA Collaborative activities and projects (such as in R&T and KSA), and mainstreaming the use of the European Defence Standards Reference System (EDSTAR) and civilian/military standards in view of enhancing interoperability and efficiency and deepening defence cooperation, in coherence with NATO and other

international Organisations;

- developing full spectrum test & evaluation capabilities in Europe based on a fully coordinated network of national centres; this entails fostering collaborative activities among Test Centres, creating networks of excellence and systematically relating them to EDA projects;
 - identifying and promoting new opportunities to develop cooperation between Member States in the fields of
 - Aviation Safety, Airworthiness, Standardization, Certification and Defence Test and Evaluation, building on transversal cooperation within the Agency and external relationships with key civil and military stakeholders in his/her area of responsibility.
- planning and managing the use of budgetary resources allocated to projects and activities within his/her areas of
 - responsibility;
 - managing the workload and human resources allocated to the Unit, including the development of competences and skills, and the evaluation of their performance;
 - allocating personnel under his/her responsibility to integrated teams in other Directorates and projects;
 - proposing strategic inputs to ISE Director and senior management with regard to the development of his/her areas of responsibility;
 - take on additional tasks as required in the interest of the service.

Duties may evolve according to the development of the EDA's structure and activities, and the decisions of EDA management.

5. ELIGIBILITY CRITERIA

To be considered eligible to take part in this selection procedure, on the closing date for the submission of applications candidates must satisfy all the eligibility criteria as specified below:

- be a national of a Member State participating in the Agency;
- be entitled to his/her full rights as a citizen;
- have fulfilled any obligations imposed on him/her by the laws concerning military service;
- produce the appropriate character references as to his/her suitability for the performance of his/her duties (extract from the "judicial record" or certificate of good conduct will be requested prior to recruitment);
- be physically fit to perform his/her duties;
- have a thorough knowledge (minimum level C1 oral and written) of one of the languages of the participating Member States and a satisfactory knowledge (minimum level B2 oral and written) of another of these languages to the extent necessary to discharge his/her duties;
- have no personal interest (financial, family relationship, or other) which could be in conflict with disinterested discharge of his/her duties within the Agency;
- hold, or be in a position to obtain, a valid Personnel Security Clearance Certificate (national or EU PSC at SECRET UE/EU SECRET level). Personnel Security Clearance Certificate (PSCC) means a certificate issued by a competent authority establishing that an individual is security cleared and holds a valid national or EU PSC, and which shows the level of EUCI to which that individual may be granted access (SECRET UE/EU SECRET), the date of validity of the relevant PSC and the date of expiry of the certificate itself. Note that the necessary procedure for obtaining a PSCC can be initiated on request of the employer only, and not by the individual candidate;
- have a level of education which corresponds to completed university studies attested by a diploma when the normal period of university education is four years or more, or a level of education which corresponds to completed university

studies attested by a diploma and appropriate professional experience of at least one year when the normal period of university education is at least three years or be a graduate of a national or international Defence College; or where justified in the interests of the service, professional training of an equivalent level.

Only diplomas that have been awarded in EU Member States or that are the subject of equivalence certificates issued by the authorities in the said Member States shall be taken into consideration. In the latter case, the authority authorised to conclude contracts of employment reserves the right to request proof of such equivalence. Please note that degrees awarded in the United Kingdom up to 31/12/2020 are considered valid.

It should be noted that due to the withdrawal of the United Kingdom from the European Union on 31/01/2020, candidates from the United Kingdom who do not hold the nationality of another participating EU Member State, are not eligible. For native English speakers, your ability to communicate in another EU language will be tested during the selection process. To assess your foreign language levels, see: <https://europa.eu/europass/en/common-european-framework-reference-language-skills>

6. SELECTION CRITERIA

A. Essential

Only applications meeting all essential selection criteria will be assessed.

(1) Professional

The candidate will be required to demonstrate that he/she has:

- a thorough understanding and professional experience in Aviation Safety, Standardisation, Qualification/Certification and Defence Test and Evaluation;
- an excellent knowledge and a thorough understanding of the processes, procedures and regulatory issues applicable to Aviation Safety, Standardisation, Qualification/Certification and Defence Test and Evaluation;
- the ability to understand complex organizational and procedural processes, and to identify and propose relevant change proposals;
- proven ability in drafting and presenting conceptual papers;
- familiarity with the defence, European and international environment, notably in relation to military aviation;
- a thorough and proven international experience;
- a track record in delivering successful business outcomes;
- a very good knowledge of English;
- experience in leading organizational and process change;
- a sound practical management experience.

(2) Personal

All staff must be able to fit into the Agency's way of working (see para. 2). Other attributes important for this post include:

- ability to work in a team;
- good leadership and management skills;
- results-orientation and strong motivation;
- flexibility and innovativeness;
- genuine commitment to the Agency's objectives;
- strong conceptual, compositional, interpersonal and analytical skills;
- good communication skills.

B. Desirable

The following will be considered an advantage:

- a minimum of 15 years of professional experience acquired after the award of the qualification required as a condition of eligibility.

7. INDEPENDENCE AND DECLARATION OF INTEREST

The Head of Critical Enablers Unit will be required to make a declaration of commitment to act independently in the Agency's interest and to make a declaration in relation to interests that might be considered prejudicial to his/her independence.

8. APPOINTMENT AND CONDITIONS OF EMPLOYMENT

The Head of Critical Enablers Unit will be appointed by the Chief Executive.

Recruitment will be as a member of the temporary staff of the Agency for a four-year period. Renewal is possible within the limits set out in the EDA Staff Regulations. The successful candidate will be recruited as Temporary Agent, grade AD12.

The pay for this position consists of a basic salary of 12.726,95€ supplemented with various allowances, including as applicable expatriation or family allowances. The successful candidate will be graded on entry into service according to the length of his/her professional experience. Salaries are exempted from national tax, instead an Agency tax at source is paid.

For further information on working conditions please refer to: <https://eda.europa.eu/jobs/what-we-offer>

Failure to obtain the requisite security clearance certificate before the expiration of the probationary period may be cause for termination of the contract.

Candidates are advised that part of the recruitment process includes medical analyses and physical check-up with the Agency's Medical Adviser.

Applications are invited with a view to establishing a reserve list for the post of Head of Critical Enablers Unit at EDA. This list will be valid until 31/12/2024, and may be extended by decision of the Chief Executive. During the validity of the reserve list, successful candidates may be offered a post in EDA according to their competences in relation to the specific requirements of the vacant post. Inclusion on the reserve list does not imply any entitlement of employment in the Agency.

9. EQUAL OPPORTUNITIES

EDA is an equal opportunities employer and accepts applications without distinction on the grounds of age, race, political, philosophical or religious conviction, sex or sexual orientation and regardless of disabilities, marital status or family situation.

10. APPLICATION PROCEDURE

Candidates must submit their application electronically solely via the EDA website. Applications by any other means (hard copy or ordinary e-mail) will not be accepted. Applications must be submitted no later than midnight. Candidates are reminded that the on-line application system will not accept applications after midnight (Brussels time, GMT+1) on the date of the deadline.

When applying, candidates from Ministries of Defence or other governmental entities are encouraged to inform their national administration.

A selection panel will be appointed. Please note that the selection panel's internal proceedings are strictly confidential and that any contact with its members is forbidden. Each application will be screened based on the requirements of the job profile stated in the vacancy notice. The most suitable applicants will be called for an interview and a written test. If recruited, you will be requested to supply documentary evidence in support of the statements that you make for this application. Do not send any supporting or supplementary information until you have been asked to do so by the Agency.

Please note that once you have created your EDA profile, any correspondence regarding your application must be sent or

received via your EDA profile. For any prior enquiry, please refer to the FAQ (Frequently asked questions) section, or send an e-mail to recruitment@eda.europa.eu.

11. DATA PROTECTION

Please note that EDA will not return applications to candidates. The personal information EDA requests from candidates will be processed in line with Regulation (EU) N° 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) 45/2001 and Decision No. 1247/2002/EC.

The purpose of processing personal data which candidates submit is to manage applications in view of possible pre-selection and recruitment at EDA. More information on personal data protection in relation to selection and recruitment can be found on the EDA website: <http://www.eda.europa.eu/jobs/dataprotection>
