The selection of candidates will follow the EDA Staff Recruitment Procedure. Candidates must apply for this post via the EDA website <http://www.eda.europa.eu> - vacancies. Please note that to make an EDA on - line application you will need to create your EDA profile using a valid e - mail address and a password.

#### 1. BACKGROUND

The European Defence Agency (EDA) was established on 12 July 2004, and is governed by Council Decision (CFSP) 2015/1835 defining the statute, seat and operational rules of the European Defence Agency. The Agency has its headquarters in Brussels.

The main task of EDA is to support the Council and the Member States in their effort to improve the Union's defence capabilities in the field of crisis management and to sustain the Common Security and Defence Policy (CSDP) as it currently stands and as it develops in the future.

The Agency is structured into four directorates. The Corporate Services Directorate (CSD) and three operational directorates: Industry, Synergies and Enablers (ISE); Capability, Armament & Planning (CAP); Research, Technology and Innovation (RTI).

#### 2. THE AGENCY'S WAY OF WORKING

The Agency is an "outward-facing" organisation, constantly interacting with its shareholders, the participating Member States, as well as with a wide range of stakeholders. It works in an integrated way, with multi-disciplinary teams representing all of the Agency's functional areas, to realise its objectives. Its business processes are flexible and oriented towards achieving results. Staff at all levels need to demonstrate the corresponding qualities of commitment, flexibility, innovation, and team-working; to work effectively with shareholders and stakeholder groups, formal and informal; and to operate without the need for detailed direction.

### 3. THE RESEARCH, TECHNOLOGY AND INNOVATION DIRECTORATE (RTI)

The Research, Technology & Innovation Directorate (RTI) promotes and supports defence research at EU level. Based on the Overarching Strategic Research Agenda (OSRA), developed together with the Member States, the Directorate coordinates and plans joint research activities and the study of technical solutions to meet future operational needs. The RTI Directorate provides support to Member States and to the European Commission for the Preparatory Action for defence research, including its implementation, and the research dimension of the European Defence Fund. The RTI directorate also ensures the promotion of innovation in defence and the exploitation of synergies at EU level with civil research in dual-use technology fields.

The RTI Directorate comprises two Units and an RTI Coordination Team, with the following key tasks:

- The EU-funded Defence Research Unit: upstream, implementing and downstream support linked to defence research activities funded by the EU budget under delegation by the European Commission
- The Technology & Innovation Unit: facilitating the work of the Capability Technology Groups (CapTechs), the Energy & Environment Working Group; development and management of ad hoc research activities based on sectoral Strategic Research Agendas
- The RTI Coordination Team: coordination of the RTI Directorate's contributions to EDA's transversal activities (such as CDP, CARD, PESCO, and KSA); overview of the Agency's research portfolio; provision of outlook for research activities and technology watch.

### 4. DUTIES

Under the supervision of the Chief Executive, the jobholder will be responsible for/contribute to the following activities:

- provide strategic vision, direction and leadership to achieve the Directorate's mission, ensuring, with the support of Heads of Unit, coherence among the work and the programmes assigned to the Directorate;
- lead and manage integrated teamwork in close cooperation with the other Agency Directorates and in relation with external partners;
- build solid cooperation relationships with the Member States and with the Council, Commission, EEAS and other external bodies, regarding the Preparatory Action for Defence Research and research activities of the European Defence Fund, research and innovation, market & industry policies, energy & environment and space policy activities among others;
- coordinate relations with Industry in the fields covered by his/her Directorate;
- prepare measures for increasing cooperation and strengthening the European Defence Technological and Industrial Base and development of R&T and innovation collaborative activities;
- lead, motivate and develop the competences and skills of the Directorate's staff and evaluate their performance;
- manage the Directorate's budget, through sound planning and monitoring of the allocated resources;
- take on additional tasks as required in the interest of the service.

Duties may evolve according to development of the EDA's structure and activities, and the decisions of EDA management.

### 5. ELIGIBILITY CRITERIA

To be considered eligible to take part in this selection procedure, on the closing date for the submission of applications candidates must satisfy all the eligibility criteria as specified below:

- be a national of a Member State participating in the Agency;
- be entitled to his/her full rights as a citizen;
- have fulfilled any obligations imposed on him/her by the laws concerning military service;

- produce the appropriate character references as to his/her suitability for the performance of his/her duties (extract from the “judicial record” or certificate of good conduct will be requested prior to recruitment);
- be physically fit to perform his/her duties;
- have a thorough knowledge (minimum level C1 oral and written) of one of the languages of the participating Member States and a satisfactory knowledge (minimum level B2 oral and written) of another of these languages to the extent necessary to discharge his/her duties;
- have no personal interest (financial, family relationship, or other) which could be in conflict with disinterested discharge of his/her duties within the Agency;
- hold, or be in a position to obtain, a valid Personnel Security Clearance Certificate (national or EU PSC at SECRET UE/EU SECRET level). Personnel Security Clearance Certificate (PSCC) means a certificate issued by a competent authority establishing that an individual is security cleared and holds a valid national or EU PSC, and which shows the level of EUCI to which that individual may be granted access (SECRET UE/EU SECRET), the date of validity of the relevant PSC and the date of expiry of the certificate itself. Note that the necessary procedure for obtaining a PSCC can be initiated on request of the employer only, and not by the individual candidate;
- have a level of education which corresponds to completed university studies attested by a diploma when the normal period of university education is four years or more, or a level of education which corresponds to completed university studies attested by a diploma and appropriate professional experience of at least one year when the normal period of university education is at least three years or be a graduate of a national or international Defence College; or where justified in the interests of the service, professional training of an equivalent level.

Only diplomas that have been awarded in EU Member States or that are the subject of equivalence certificates issued by the authorities in the said Member States shall be taken into consideration. In the latter case, the authority authorised to conclude contracts of employment reserves the right to request proof of such equivalence.

For diplomas awarded in non-EU countries, a NARIC recognition is required: <https://www.enic-naric.net/>

Qualifications/diplomas awarded until 31/12/2020 in the United Kingdom are accepted without further recognition. For diplomas awarded after this date (from 01/01/2021), a NARIC recognition is required.

For native English speakers, your ability to communicate in another EU language will be tested during the selection process.

To assess your foreign language levels, see: <https://europa.eu/europass/en/common-european-framework-reference-language-skills>

## 6. SELECTION CRITERIA

### A. Essential

Only applications meeting all essential selection criteria will be assessed.

#### (1) Professional

The candidate will be required to demonstrate that he/she has:

- proven track record and extensive knowledge in the areas of responsibility set out above;
- knowledge and experience of the European institutional framework, EU programmes and policies;
- knowledge of and experience in defence and its international environment;
- a strong understanding of Defence R&T and innovation and defence industry;
- a good understanding of the EDA's main tasks and functions;
- a track record of delivering successful business outcomes;
- a proven track record in the management of large teams and administration at senior level;

- a very good knowledge of written and spoken English.

## (2) Personal

All staff must be able to fit into the Agency's way of working (see para. 2). Other attributes important for this post include:

- ability to get the best out of team members, inspire and motivate them;
- ability to apply strong liaison, negotiation and influencing skills within a complex organisation, and outside;
- strong political savvy, advocacy and diplomacy skills;
- excellent public speaking, presentation and chairing skills;
- strong analytical skills;
- ability to adapt to changing circumstances and to prioritise and organise tasks and resources;
- genuine commitment to the Agency's objectives and the ability to communicate these.

## B. Desirable

The following will be considered an advantage:

- experience in the management of multi-national teams;
- a minimum of 15 years of professional experience acquired after the award of the qualification required as a condition of eligibility.

## 7. INDEPENDENCE AND DECLARATION OF INTEREST

The Director Research, Technology and Innovation (RTI) will be required to make a declaration of commitment to act independently in the Agency's interest and to make a declaration in relation to interests that might be considered prejudicial to his/her independence.

Please note that for this position restrictions (including prohibition) on post-employment activities may be applied.

For two (2) years after leaving the Agency, members of staff remain bound to seek clearance from EDA as soon as the post-employment activity is known and in due time to allow for authorisation before engaging in another activity. If that activity is related to the work carried out during the last three (3) years of service at EDA and it could lead to conflict with the legitimate interests of EDA, the Agency can give its approval subject to any conditions it deems fit, or forbid the activity.

In its assessment, EDA will in particular look at the nature of the future position, the quality of the future employer, the level of interaction with EDA staff on EDA activities, likelihood of involvement in decision taking of a financial/commercial nature and the level of conflict with the legitimate interests of the Agency.

For senior staff, an additional ban of 12 months will apply on lobbying or advocacy vis-à-vis Agency staff for their business, clients or employers on matters for which they were responsible during their last three (3) years of service.

Candidates are referred to the relevant section in EDA's Ethics Framework, available on EDA's website:

<https://eda.europa.eu/who-we-are/transparency/ethics-and-conduct>

## 8. APPOINTMENT AND CONDITIONS OF EMPLOYMENT

The Director Research, Technology and Innovation (RTI) will be appointed by the Chief Executive.

Recruitment will be as a member of the temporary staff of the Agency for a three-year period. Renewal is possible within the limits set out in the EDA Staff Regulations. The successful candidate will be recruited as Temporary Agent, grade AD14.

The pay for this position consists of a basic salary of 16.569,31€ supplemented with various allowances, including as applicable expatriation or family allowances. The successful candidate will be graded on entry into service according to the length of his/her professional experience. Salaries are exempted from national tax, instead an Agency tax at source is paid.

For further information on working conditions please refer to: <https://eda.europa.eu/jobs/what-we-offer>

Failure to obtain the requisite security clearance certificate before the expiration of the probationary period may be cause for

termination of the contract.

Candidates are advised that part of the recruitment process includes medical analyses and physical check-up with the Agency's Medical Adviser.

Applications are invited with a view to establish a reserve list for the post of Director Research, Technology and Innovation (RTI) at EDA. This list will be valid until 31/12/2024, and may be extended by decision of the Chief Executive. During the validity of the reserve list, successful candidates may be offered a post in EDA according to their competences in relation to the specific requirements of the vacant post. Inclusion on the reserve list does not imply any entitlement of employment in the Agency.

## 9. EQUAL OPPORTUNITIES

EDA is an equal opportunities employer and accepts applications without distinction on the grounds of age, race, political, philosophical or religious conviction, sex or sexual orientation and regardless of disabilities, marital status or family situation.

## 10. APPLICATION PROCEDURE

Candidates must submit their application electronically solely via the EDA website. Applications by any other means (hard copy or ordinary e-mail) will not be accepted. Applications must be submitted no later than midnight. Candidates are reminded that the on-line application system will not accept applications after midnight (Brussels time, GMT+1) on the date of the deadline.

When applying, candidates from Ministries of Defence or other governmental entities are encouraged to inform their national administration.

A selection panel will be appointed. Please note that the selection panel's internal proceedings are strictly confidential and that any contact with its members is forbidden.

Each application will be screened based on the requirements of the job profile stated in the vacancy notice. The most suitable applicants will be called for an interview and a written test. Candidates may also be requested to take part in an assessment centre, participating in a number of individual and group activities related to the competences required for the post.

If recruited, you will be requested to supply documentary evidence in support of the statements that you make for this application. Do not send any supporting or supplementary information until you have been asked to do so by the Agency.

Please note that once you have created your EDA profile, any correspondence regarding your application must be sent or received via your EDA profile. For any prior enquiry, please refer to the FAQ (Frequently asked questions) section, or send an e-mail to [recruitment@eda.europa.eu](mailto:recruitment@eda.europa.eu).

## 11. DATA PROTECTION

Please note that EDA will not return applications to candidates. The personal information EDA requests from candidates will be processed in line with Regulation (EU) N° 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) 45/2001 and Decision No. 1247/2002/EC.

The purpose of processing personal data which candidates submit is to manage applications in view of possible pre-selection and recruitment at EDA. More information on personal data protection in relation to selection and recruitment can be found on the EDA website: <http://www.eda.europa.eu/jobs/dataprotection>
