Please note that to make an EDA on - line application you will need to create your EDA profile using a valid e - mail address and a password.

#### 1. BACKGROUND

The European Defence Agency was established on 12 July 2004, and is governed by Council Decision (CFSP) 2015/1835 defining the statute, seat and operational rules of the European Defence Agency. The Agency has its headquarters in Brussels.

The main task of EDA is to support the Council and the Member States in their effort to improve the Union's defence capabilities in the field of crisis management and to sustain the Common Security and Defence Policy (CSDP) as it currently stands and as it develops in the future.

The Agency is structured into four directorates. The Corporate Services Directorate (CSD) and three operational directorates: Industry, Synergies and Enablers (ISE); Capability, Armament & Planning (CAP); Research, Technology and Innovation (RTI).

# 2. THE AGENCY'S WAY OF WORKING

The Agency is an "outward-facing" organisation, constantly interacting with its shareholders, the participating Member States, as well as with a wide range of stakeholders. It works in an integrated way, with multi-disciplinary teams representing all of the Agency's functional areas, to realise its objectives. Its business processes are flexible and oriented towards achieving results. Staff at all levels need to demonstrate the corresponding qualities of commitment, flexibility, innovation, and teamworking; to work effectively with shareholders and stakeholder groups, formal and informal; and to operate without the need for detailed direction.

# 3. THE INDUSTRY, SYNERGIES AND ENABLERS DIRECTORATE (ISE)

The Industry Synergies & Enablers (ISE) Directorate supports a range of activities critical to collaborative defence capability development in Europe.

On top of leading the work on identifying together with Member States' Key Strategic Activities (KSA) at EU level, the ISE Directorate is responsible for the effective engagement with industry across the Agency's activities and in support of related priorities set by Member States.

The ISE Directorate facilitates work to address the implications of EU legislation and policies for the defence sector: REACH, procurement, funding instruments and the analysis of developments influencing governmental and industrial stakeholders.

The Directorate is responsible for activities on critical enablers to support defence cooperation and enhance interoperability: military airworthiness, standardisation and certification, defence test & evaluation and education and training. The Directorate provides support to CSDP military and civilian operations and missions and EU Battlegroups.

The Directorate facilitates the coordination of military views from and in support of Member States and the relevant international military organisations in the framework of Single European Sky (SES) and acts as the interface with the EU institutions and related bodies. In the wider context of military aviation, the Directorate supports Member States in their efforts to enable RPAS integration in non-segregated airspace and in harmonising military aviation safety issues using the Total System Approach to Military Aviation.

The ISE Directorate comprises four Units:

- The Industry Strategy & EU Policies (ISP) Unit: engagement of industry in the activities of the Agency, determination of Key Strategic Activities at EU level, defence aspects of EU policies varying from legislation (REACH, procurement) to funding instruments
- The Critical Enablers (CRE) Unit: support defence cooperation and enhance interoperability through the identification, development and maintenance of harmonized safety, certification and standardisation requirements, references to the best practice standards and networking of Defence Test & Evaluation capabilities in all military domains
- The Single European Sky (SES) Unit: facilitation and coordination of military views in the framework of SES; interface with the EU institutions and related bodies to ensure that Military Aviation will continue to provide and further improve effective security and defence in Europe in the changing context of the civil aviation sector
- The Operations, Training & Exercises (OTE) Unit: promotion of the use in CSDP operations of all relevant EDA
  projects & programmes; development and management of contracted solutions to support CSDP operations and
  Member States; initiation, development and management of training and exercise activities for rotary and fixed-wing
  aircraft, including RPAS, with a view to transfer these activities to Member States when mature.

#### 4. DUTIES

Under the supervision of the Head of Critical Enablers Unit, the jobholder will be responsible for/contribute to the following activities:

- develop full spectrum test & evaluation capabilities in Europe based on a fully coordinated network of national centres;
   this entails fostering collaborative activities among Test Centers, creating networks of excellence and systematically
   relating them to EDA projects;
- ensure the effective and efficient implementation of the Defence Test and Evaluation Base (DTEB) Strategy in close
- coordination with the DTEB Plenary Group;
- maintain and develop the European Database for Test and Evaluation capabilities and management;
- ensure the effective and efficient implementation of the Strategy for Achieving Harmonised Certification Requirements
  for Ammunition Safety in close cooperation with the European Network of National Safety Authorities on Ammunition

(ENNSA).

- understand the standardisation framework and advise on deriving actions in qualification and certification processes;
- understand the capability development process and advise on deriving actions in qualification and certification processes and vice versa;
- contribute to the development of an integrated approach to critical enablers for cooperation, including Test and Evaluation, Standardisation and Certification;
- develop and outline studies as required;
- take on additional tasks as required in the interest of the service.

Duties may evolve according to development of the EDA's structure and activities, and the decisions of EDA management.

#### 5. CONDITIONS FOR SECONDMENT

In accordance with the Rules applicable to national experts and military staff on secondment to the European Defence Agency (2004/677/EC), Seconded National Experts are seconded to the Agency while remaining in the service of their national employer and continue being paid their national salary by that employer.

Therefore, to be considered in the selection process, candidates for SNE posts must be sponsored by their national authorities. Confirmation is required in the form of a letter of sponsorship addressed to the Agency as far as possible by the closing date for the receipt of applications and in any case before a decision is taken by EDA on the candidate to be selected for a secondment.

The Rules are available on the EDA website http://www.eda.europa.eu - vacancies.

To qualify for secondment to the Agency, experts shall:

- have worked for their employer on a permanent or contract basis for at least 12 months before their secondment;
- remain in the service of their employer throughout the period of secondment and continue to be paid by that employer;
- have at least three years' full-time experience in defence, administrative, scientific, technical, operational, advisory or supervisory functions relevant to the performance of the duties assigned to them. Before the secondment, the employer shall supply the Agency with a statement of the expert's employment covering the previous 12 months;
- be nationals of a participating Member State or falling within the provisions of the second paragraph of Article 1 of Council Decision (EU) 2016/1352 of 4 August 2016;
- have a thorough knowledge of one official language of one of the participating Member States and a satisfactory knowledge of another of these languages for the performance of their duties.

# 6. SELECTION CRITERIA

A. Essential

(1) Professional

The candidate will be required to demonstrate that he/she has:

- a thorough understanding, knowledge and professional experience in Defence Test and Evaluation and Qualification/Certification;
- a proven experience in managing Defence Test and Evaluation projects and in the areas of qualification and certification;
- familiarity with European defence cooperation structures;
- a thorough and proven international experience;
- a track record in delivering successful business outcomes;
- a very good knowledge of written and spoken English.

#### (2) Personal

All staff must be able to fit into the Agency's way of working (see para. 2). Other attributes important for this post include:

- strong conceptual, interpersonal, and analytical skills;
- flexibility and innovativeness;
- ability to work in a team and independently in his/her area of responsibility;
- ability to work effectively in a multinational environment;
- good leadership and organisational skills;
- results-orientation and strong motivation;
- good communication skills;
- genuine commitment to the Agency's objectives.

#### B. Desirable

The following will be considered an advantage:

- University degree in engineering with a specialisation in defence related subjects such as electronics, communications, aeronautics, mechanics, naval architecture;
- further qualifications in programme management subjects.
- experience of working in a multinational environment;
- hold a (recognised) Project Management qualification.

#### 7. INDEPENDENCE AND DECLARATION OF INTEREST

The Project Officer Defence Test and Evaluation will be required to make a declaration of commitment to act independently in the Agency's interest and to make a declaration in relation to interests that might be considered prejudicial to his/her independence.

#### 8. APPOINTMENT AND CONDITIONS OF EMPLOYMENT

The Project Officer Defence Test and Evaluation will be appointed by the Chief Executive.

Secondment will be as a member of the Seconded National Expert staff of the Agency for a three-year period. Renewal is possible within the limits set out in the EDA SNE Rules. The successful candidates will be seconded as AD10/AD11 equivalent.

Applications are invited with a view to establish a reserve list for the post of Project Officer Defence Test and Evaluation at the EDA. This list will be valid until 31/12/2022, and may be extended by decision of the Chief Executive. During the validity of the reserve list, successful candidates may be offered a secondment in the EDA according to their competences in relation to the specific requirements of the vacant post. Inclusion on the reserve list does not imply any entitlement of secondment to the Agency.

## 9. EQUAL OPPORTUNITIES

The EDA is an equal opportunities employer and accepts applications without distinction on the grounds of age, race, political, philosophical or religious conviction, sex or sexual orientation and regardless of disabilities, marital status or family situation.

# 10. APPLICATION PROCEDURE

Candidates must submit their application electronically solely via the EDA website. Applications by any other means (hard copy or ordinary e-mail) will not be accepted. Applications must be submitted no later than midnight. Candidates are

reminded that the on-line application system will not accept applications after midnight (Brussels time, GMT+1) on the date of the deadline.

In order to be considered in the selection process, candidates for SNE posts must be sponsored by their national authorities. Confirmation is required in the form of a letter of sponsorship addressed to the Agency as far as possible by the closing date for the receipt of applications and in any case before a decision is taken by EDA on the candidate to be selected for a secondment.

A selection panel will be appointed. Please note that the selection panel's internal proceedings are strictly confidential and that any contact with its members is forbidden. Each application will be screened based on the requirements of the job profile stated in the vacancy notice. The most suitable applicants will be called for an interview and a written test. If recruited, you will be requested to supply documentary evidence in support of the statements that you make for this application. Do not send any supporting or supplementary information until you have been asked to do so by the Agency.

Please note that once you have created your EDA profile, any correspondence regarding your application must be sent or received via your EDA profile. For any prior enquiry, please refer to the FAQ (Frequently asked questions) section, or send an e-mail to recruitment@eda.europa.eu.

#### 11. DATA PROTECTION

Please note that EDA will not return applications to candidates. The personal information EDA requests from candidates will be processed in line with Regulation (EU) N° 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) 45/2001 and Decision No. 1247/2002/EC.

The purpose of processing personal data which candidates submit is to manage applications in view of possible preselection and recruitment at EDA. More information on personal data protection in relation to selection and recruitment can be found on the EDA website: http://www.eda.europa.eu/jobs/dataprotection
