1. BACKGROUND

The European Defence Agency (EDA) was established on 12 July 2004, and is governed by Council Decision (CFSP) 2015/1835 defining the statute, seat and operational rules of the European Defence Agency. The Agency has its headquarters in Brussels.

The main task of EDA is to support the Council and the Member States in their effort to improve the Union's defence capabilities in the field of crisis management and to sustain the Common Security and Defence Policy (CSDP) as it currently stands and as it develops in the future.

The Agency is structured into four directorates. The Corporate Services Directorate (CSD) and three operational directorates: Industry, Synergies and Enablers (ISE); Capability, Armament & Planning (CAP); Research, Technology and Innovation (RTI).

2. THE AGENCY'S WAY OF WORKING

The Agency is an "outward-facing" organisation, constantly interacting with its shareholders, the participating Member States, as well as with a wide range of stakeholders. It works in an integrated way, with multi-disciplinary teams representing all of the Agency's functional areas, to realise its objectives. Its business processes are flexible and oriented towards achieving results. Staff at all levels need to demonstrate the corresponding qualities of commitment, flexibility, innovation, and team-working; to work effectively with shareholders and stakeholder groups, formal and informal; and to operate without the need for detailed direction.

3. THE CAPABILITY, ARMAMENT AND PLANNING DIRECTORATE (CAP)

The Capability, Armament & Planning Directorate (CAP) identifies and proposes collaborative opportunities in support of EU capability development priorities.

The Directorate is responsible for planning and conducting capability development based on analysis of military requirements conducted together with Member States within the Capability Development Plan (CDP).

The Directorate coordinates in-house the implementation of the Coordinated Annual Review on Defence (CARD), establishing a regularly updated overview of the European defence capability landscape, in coordination with the European External Action Service (EEAS), including the EU Military Staff (EUMS).

The CAP Directorate implements EDA's secretariat functions to the Permanent Structured Cooperation (PESCO), together with the EEAS, including the EU Military Staff. Within the PESCO secretariat, the Directorate coordinates EDA's assessment of PESCO project proposals from the capability perspective, as well as the National Implementation Plans of PESCO participating Member States and supports PESCO project implementation.

Based on coordinating the results of CDP, CARD and PESCO, the Directorate plans and prepares capability development activities and projects tailored to Member States' needs. These activities span from advice and roadmaps to collaborative capability development projects, including the support to Member States upstream of the European Defence Fund.

The CAP Directorate comprises six Units with the following key areas of activity:

- Air Domain Unit: Air Combat, Air ISR Platforms, Anti-Access/Area-Denial, Air-to-Air Refuelling, Strategic and Tactical Air Mobility
- Cooperation Planning Unit: CDP, CARD, Defence Data
- Land and Logistics Unit: Land platforms, Counter-IED, Personnel Recovery, Military Mobility, Logistics, Medical Support
- Information Superiority Unit: Communication & Information Systems, Surveillance & Reconnaissance, Space, Cyber Defence
- Maritime Unit: Maritime Surveillance, Mine Counter Measures, naval training, harbour protection
- PESCO Unit: PESCO secretariat, assessment and support to project development

4. DUTIES

Under the supervision of the Head of Unit Maritime Domain, the jobholder will be responsible for/contribute to the following activities:

- support Member States by managing ongoing and future projects in the maritime domain notably in the area of Surface Warfare, Maritime Surveillance, Maritime Situational Awareness (MSA) and Maritime Underwater Domain Awareness (UDA);
- manage the Cat. A Programme on MSA (CASAMSE) and the related working bodies, organise meetings, workshops and symposiums to implement the EU Capability Development Priorities in MSA;
- contribute to the implementation of the EU Capability Development Priorities;
- develop and/or update the related Strategic Context Case (SCC);
- support ad-hoc projects/programmes (Cat. A/B), facilitating and running Category B projects;
- monitor activities in the field of R&T and Capability Development in a transversal, cross-Directorate approach and continue working in close relationship with the responsible Project Officers;
- coordinate and organize EDA participation in exercises and experimentation, notably in the field of MSA, CSIP and UDA;
- contribute to the conduct, enhancement, and implementation of all initiatives related to Capability Development and

Defence acquisition in which the Unit and the Directorate is engaged:

- contribute to the preparation of CARD dialogues, the analysis of CARD findings, and the elaboration of concrete recommendations;
- contribute to the assessment of PESCO project proposals and to the support of these projects when requested by Member States;
- contribute to the elaboration of the European Commission's defence-related funding programmes and all related documents.
- contribute to all activities contributing to the elaboration and implementation of high-level documents (Strategic Compass, Gaps Analysis, Action Plans etc.);
- develop and maintain the necessary links with all key stakeholders, such as the EU Military Staff, other Council bodies, the European Commission, the participating Member States (Military Staff, Procurement Agencies, etc.), as well as NATO;
- represent the Agency in conferences and seminars;
- take on additional tasks as required in the interest of the Agency.

In doing so, the jobholder will have a primary responsibility in all activities related to project management, including procurement, which includes:

- contributing to the preparation of projects/programme management activities, including definition of requirements, market surveys, acquisition strategies, preparation/negotiation of projects/programme arrangements and associated contracts;
- managing projects/programmes in the maritime domain, which are in the Member States' interest, within the EDA framework (Cat. A/B, Operational Budget);
- contributing to Agency's and Directorate's lines of effort to reinforce/develop project management/procurement approaches, processes and competencies.

Duties may evolve according to development of the EDA's structure and activities, and the decisions of EDA management.

5. ELIGIBILITY CRITERIA

To be considered eligible to take part in this selection procedure, on the closing date for the submission of applications candidates must satisfy all the eligibility criteria as specified below:

- be a national of a Member State participating in the Agency;
- be entitled to his/her full rights as a citizen;
- have fulfilled any obligations imposed on him/her by the laws concerning military service;
- produce the appropriate character references as to his/her suitability for the performance of his/her duties (extract from the "judicial record" or certificate of good conduct will be requested prior to recruitment);
- be physically fit to perform his/her duties;
- have a thorough knowledge (minimum level C1 oral and written) of one of the languages of the participating Member States and a satisfactory knowledge (minimum level B2 oral and written) of another of these languages to the extent necessary to discharge his/her duties;
- have no personal interest (financial, family relationship, or other) which could be in conflict with disinterested discharge of his/her duties within the Agency;
